MILEY STEWART AKA
HANNAH MONTANA

MILEY CYRUS

Miley's dad, Robby Ray, is kinda cool. Her mom died so he is a single parent and also Hannah's career manager. He's proud of his kids and is always there to give them advice - and sometimes sing them a country song too. Aww!

ROBBY RAY STEWART

Nicknamed 'Smokin' Oken', Oliver is good pals with Miley and Lilly - and has to suffer much teasing from the pair. He is very protective of his one chest hair!

OLIVER OKEN

Miley's older brother, Jackson, is such a goofball! He is silly, crazy and loves a good laugh. He doesn't have much luck with the ladies, but maybe that's because he tries too hard.

JACKSON STEWART

Miley's best bud, Lilly, is a down-to-earth Californian sk8er. Her alter ego when she goes out with Hannah is Lola Luftnagle and she always changes the color of her wig. Cool!

LILLY TRUSCOTT

A rockin' pop star, Hannah has tons of fans. By day, she's Miley Stewart, but once she puts on her wig, there's no stopping this cool and talented girl from singing her heart out on stage.

You've just finished going for a long run in your neighborhood. You're dressed in running shorts, an old t-shirt and beat-up sneakers. You see a cute guy from the next block running toward you. You've wanted to bump into him for ages – but not like this!

TIP

Hey, remember, that cute guy is out running, too! Be proud of your athletic style and strike up a conversation. You know you have something in common – who cares how you're dressed?

Everybody wants to look their best - the key is to find a style that's perfect for your personality, not someone else's!

2

You're so excited about the new outfit you bought for the first day of school: a cute pleated skirt and an embroidered cotton shirt. Then you go to your first class - and you see another girl wearing exactly the same thing!

TIP

You walk up to the other girl and congratulate her on her fantastic fashion sense. After all, you loved the outfit when you bought it - why should that change?

3

You show up at a party looking your glitziest. You're wearing a sequinned dress and long, dangly earrings. You spent hours on your hair and makeup. You feel great! Then the door opens - and you realize you were invited to a costume party!

TIP

Give everyone a big smile as you enter the party and explain that you are in costume - you're dressed as a movie star who's about to walk the red carpet at the Oscars!

4

You decide to join the Drama Club at school. You go to the first meeting wearing the outfit that always makes you feel cheerful: turquoise jeans, a orange-and-pink striped t-shirt, and purple sneakers. Everyone turns to stare at you - and that's when you notice they're all wearing black.

TIP

You wave to everybody and say to yourself, "All the world's a stage - and I'm going to steal the spotlight wearing this!"

On "Hannah Montana," Cody Linley plays the role of Jake Ryan, the cool star of a TV series called "Zombie High." Miley Stewart first met Jake when he began attending her high school, hoping to experience a normal teen's life. Not only did Miley and Jake hit it off, but Hannah and Jake did as well... in fact, Hannah guest-starred in an episode of "Zombie High"! And in real life? Cody's mother is an acting coach and she actually helped Miley Cyrus prepare for her "Hannah Montana" audition! We asked him about joining the cast and much more!

Meet Cody Linley!

CHAT WITH CODY

What was it like when you auditioned for the role of Jake Ryan?

When I read with Miley, we had chemistry right away. I liked the character and the writing, but I had no idea the show would be so huge. Everyone is so fun; it's an awesome set. We hang out off-set a lot, too.

What's a typical week like on the "Hannah Montana" set?

We practice for three days and then on the fourth day, we tape the show for TV. On the fifth day, we perform it in front of a live audience. We spend about ten-and-a-

half hours a day on set, including three hours of school each day.

Where do you spend time when you're not working?

When I'm not filming a TV show or movie, I am back home, which is a town near Dallas, Texas. I go to public school when I'm there. Before "Hannah Montana," I didn't really get recognized a lot. Once in a while, people would come up to me and say, "Have you been in a movie? Because I swear I've seen you somewhere."

Did your friends treat you differently after you joined the cast of "Hannah Montana"?

I've been going to school with the same kids since kindergarten. Some new kids asked me for my autograph once in the cafeteria, and that was weird. One of my close friends in Texas just emailed me and said, "It's weird to see you in magazines!" But really, my friends know I'm still the same silly guy. I'm just Cody.

Are you going to start singing as well as acting?

I'm not really a singer, although I have played guitar since I was 15. But so many people asked me if I could sing, for movie parts or whatever, that I've started taking lessons.

Is it nerve-racking when you start a new project without knowing anyone?

I'm usually excited to meet the director and other cast members, and anxious waiting for it to happen. But I'm never nervous that I'm going to have to work with someone I don't know. Everyone I've worked with in the past has been nice and I've always had a great time on all of the sets I've been on.

Thanks, Cody! It was fun chatting with you!

SHINING STAR

You know what I love even more than being Hannah? The gazillions of new outfits, of course!

I think you're fabulous.

You think I'm fabulous?
I think you're fabulous!

Not to mention the stars I meet! This is Isis, my idol... and she knows who I am!!!

You want to know how I survived all these years? Constant change. New looks, new sound. If you don't change everyone will go!

They will?

But I wasn't expecting the kind of advice she gave me...

Yes! To be on top I always have a next and a next-next!

A next-next? I don't even know what I'm gonna eat tonight!

Now, honey,
now why would
Hannah's career
be in trouble?

Because if I
don't have a
next-next, I'm
going to lose all
of my fans!

Her words really hit me hard...
I felt I like was doing everything wrong.

Futuristic Hannah

Then I changed it again...

Well, honey,
surprising them
is one thing.
But scaring the

them is another!

But it was no use! I just
wound up getting worse!

how things REALLY were...

Well, as long as
you're true to

SHINING STAR BRACELET

You need:

- 1** - Wide, almost see-through ribbons in Hannah Montana colors (we used purple, white, gold and sky blue). You can buy these in fabric or hobby shops. You might find ribbons with patterns, such as stars and flowers, as well.
- 2** - Needle and thread or fabric glue
- 3** - "Hook-and-loop" tape in a matching color
- 4** - Scissors
- 5** - Adhesive tape
- 6** - Fabric glue pen with glitter.
- 7** - The "SHINING STAR" template in this magazine

You do:

- 1** - Measure your wrist with a tape measure, then cut the ribbon to that length plus one inch.
- 2** - Take the "SHINING STAR" pattern to the copy shop and enlarge or reduce the pattern so that it fits the size of the ribbon.
- 3** - Tape the "SHINING STAR" pattern to a cutting board or piece of cardboard.
- 4** - Tape the ribbon on top of the pattern.
- 5** - Outline the words by making little dots with the glitter glue pen.
- 6** - Let the glue dry. (Follow the glue pen instructions to make your bracelet washable.)
- 7** - You can leave your bracelet like this, or you can sew* other ribbon pieces on each side for contrast.
- 8** - Cut a small piece of the "hook-and-loop" tape and stick one side on each end of the bracelet.

*Ask an adult to help you with the sewing.

bracelets

Follow these steps to create your own Shining Star bracelet.

For a simpler version:

- Cut a velvet ribbon to the right length, then attach the “hook-and-loop” tape to each end of the ribbon.
- Cut stars out of shiny fabric and glue or sew* them to one end of the bracelet, or sew* several star buttons on the ribbon.

STAR BRACELET

You need:

- 1 - An assortment of slim ribbons in Hannah Montana colors
- 2 - Beads and buttons in different shapes, such as stars or flowers
- 3 - “Hook-and-loop” tape in a matching color
- 4 - Thread and needle for sewing or fabric glue
- 5 - A pair of scissors.
- 6 - Adhesive tape

You do:

- 1 - Measure your wrist with a tape measure, then cut the ribbon to that length plus one inch.
- 2 - String your beads and buttons on the ribbon.
- 3 - You can also cut small stars out of shiny fabric and glue or sew them on the ribbon.
- 4 - Choose three ribbons to sew* together. Combine one plain ribbon with two decorated ones.
- 5 - Cut a small piece of the “hook-and-loop” tape and stick one side on each end of the bracelet.

*Ask an adult to help you with the sewing.

CHECK IT OUT

Are you a Stylist?

If you have a fashion forward flair, you might be headed for a stylin' career!

A stylist pulls together outfits for movie and TV stars, whether they're acting in front of the camera or doing a magazine photo shoot. You have to know all about the latest fashions and be able to combine clothes and accessories in a creative way. Could you do the job?

Take our quiz and find out!

1

Your friend calls you in a panic. She's just been invited to a cool party, but she doesn't have enough money for a new outfit. You:

A: Call three other friends and ask them to ransack their closets. Then you mix and match everyone's clothes until you have the perfect party outfit – for free!

B: Ask your friend to put on her favorite outfit. Then you do some quick adjustments – maybe sew a ribbon border to the skirt or quickly glue a few appliques on a jean jacket – until you've created a whole new look!

C: Open your closet, where everything is organized by color, and calmly pick out the perfect ensemble.

2

You and your family are at a cousin's wedding. You accidentally spill punch on your pastel skirt. You:

A: Ask the caterer if she has a bottle of stain remover you can use. (People who work at fancy parties often carry such emergency supplies.)

B: Tie a linen napkin jauntily around your waist so that it covers the stain (and maybe starts a new fad!).

C: Change into the extra skirt you brought along...just in case.

After you've gone to a movie with your friends, everyone talks about how much they liked the acting or the plot. You:

A: Comment on how one character wore the same costume for the entire movie and wonder if the rest of her wardrobe had been damaged.

B: Comment on the unusual accessories each character wore.

C: Comment on the fact that one of the characters showed up wearing a hat in one scene that was mysteriously lost in the next scene.

3

When you go with your friends to the mall, you:

A: Make the shopping trip more exciting by giving everyone fifteen minutes to find the perfect outfit. Ready, set, go!

B: Roam all over the store, pulling together outfits that combine checks, stripes and patterns in all kinds of styles.

C: Arrive with a carefully prepared checklist of what you need to buy.

4

MOSTLY A'S

Fix It in a Flash

You're resourceful and keep a cool head in an emergency – even a fashion emergency! You'd be perfect working in a fast-paced environment like a TV series. No matter what happens, you can handle it.

MOSTLY B'S

Creative to the Max

You're always coming up with new and original ways to wear clothes. You can even make a wool muffler or a pair of cotton socks exciting and fun. You could find great success working in the movies where you'd have plenty of chances to show off your creativity.

MOSTLY C'S

Cool, Calm and Collected

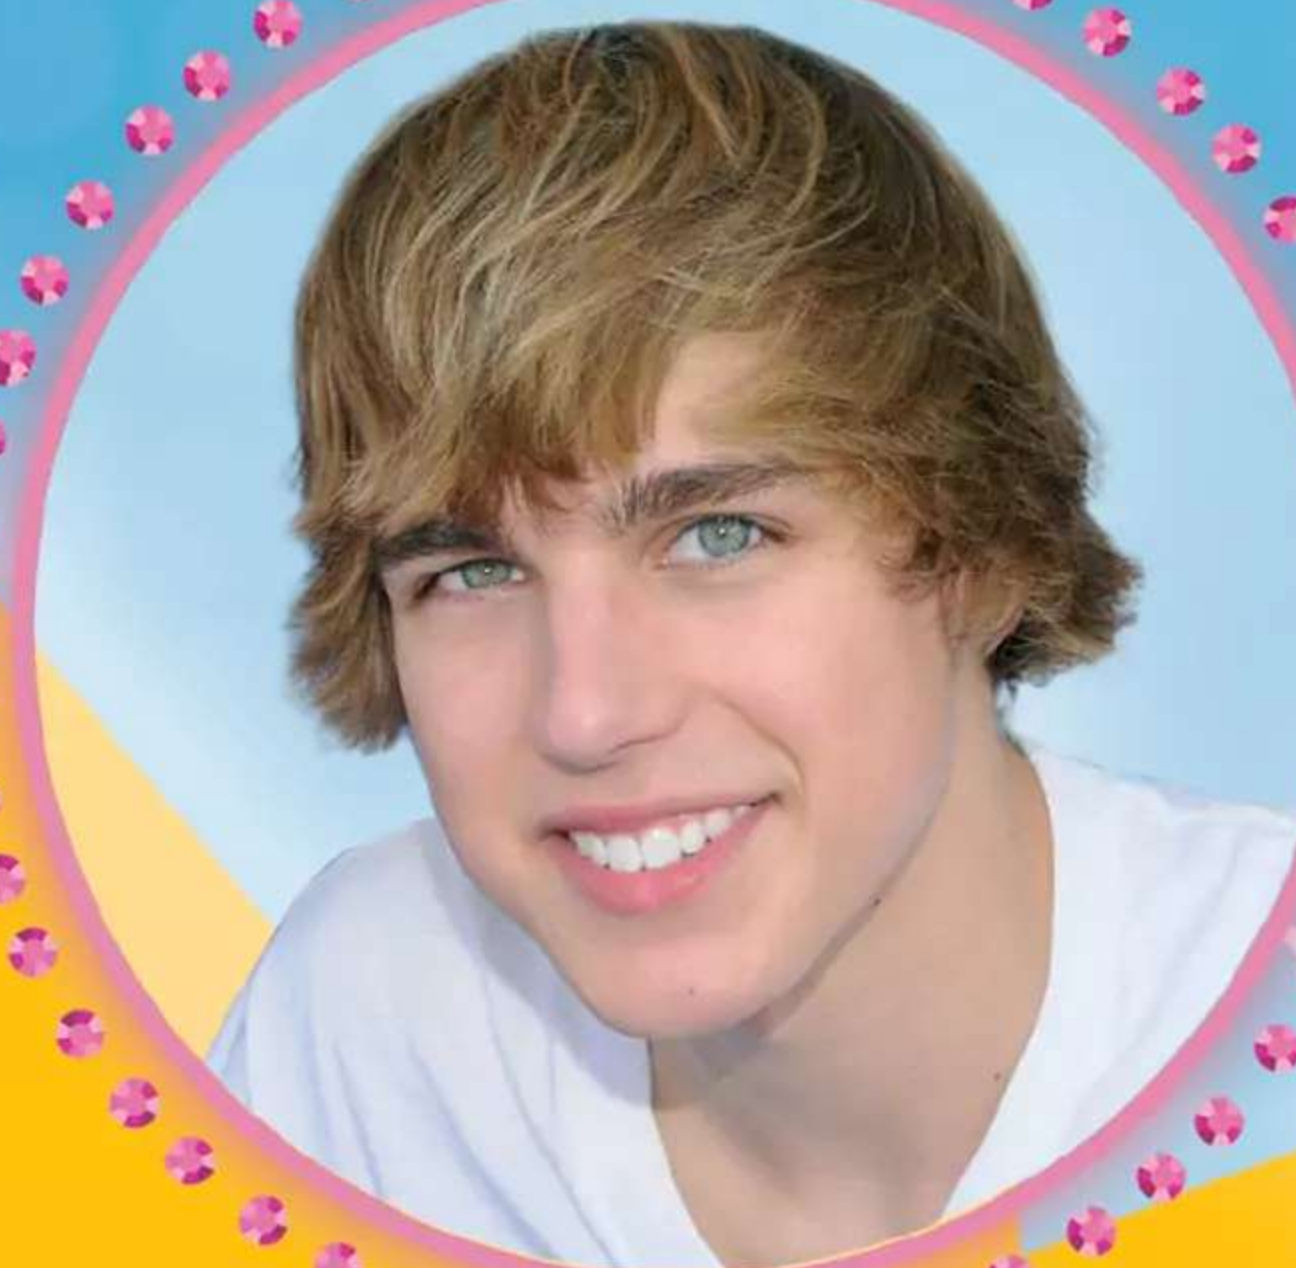

You combine fashion flair with superb management skills. Your closet is perfectly organized, you always know where your accessories are, and you've never worn mismatched socks in your life. You'd be great working at magazine photo shoots, where you'd make sure everything happened like clockwork.

You don't need to dress in designer clothes to look great. Just learn how to dress in a way that makes you feel happy. Check out this month's horoscope to find your star sign style!

Scorpio

October 24 - November 22

Cody Linley was born on November 20, which makes him a Scorpio!

Guys born under this sign are often mysterious. They like dark colors, t-shirts with unusual slogans, and understated sneakers. Scorpio girls often toss together mismatched items, like flowing caftans and sequinned tops, and make them work. Nothing but a spicy scent will do!

Horoscope

Aries

March 21 - April 20

Your wardrobe is piled high with sportswear. From leggings and tracksuits, to sweatshirts and hoodies. Accessories are always simple, because nothing must hamper the athletic pace of this sign.

An energizing vanilla scent is a must!

Cancer

June 23 - July 23

Cancers tend to like white, ivory and pastels. Their nostalgic look sometimes includes colorful accessories, as long as they're vintage.

A charming lily scent is best for this sign.

Libra

September 24 - October 23

Libras have a natural elegance. They shun passing fads in favor of studied simplicity. Their seemingly casual outfits of flowered blouses, plain skirts and modest jewelry take a lot of planning, though! They top off their look with a soft violet scent.

Taurus

April 21 - May 21

Romantic but practical, this sign prefers the colors of nature, especially browns and greens. A perfume based on the scent of a rose, your favorite flower, will let people know you have a generous heart.

Leo

July 24 - August 23

For those who like to be noticed, orange and red are the best choices – and don't forget the glitter! Leos walk proudly through life wearing showy, chunky bracelets and oversized rings. A touch of lavender essence adds the final touch.

Sagittarius

November 23 - December 22

You dream of distant lands, so the ethnic look is perfect for you! Your style is long caftans, chunky wooden necklaces, hand-embroidered bags, T-shirts emblazoned with slogans in a foreign language...anything that looks exotic. Spritz on lily of the valley cologne and you're ready to travel the world!

Aquarius

January 20 - February 19

This is the most original and imaginative sign of the Zodiac! Aquarians get upset when people say they are "trendy" because they think they're always ahead of the curve! Your style: Lots of flowers, on clothes, bags and bracelets, and a light, floral perfume.

Gemini

May 22 - June 22

A pair of jeans and a simple shirt work fine in any season. What matters to you are original accessories. You pick them up at a flea market, thrift store or boutique, then transform them into unique pieces. Always add a dab of lilac before dashing out the door!

Virgo

August 24 - September 23

Those born under this sign dislike clothes that are off-beat or attention-getting. Instead, you love simple, classical designs. As for scents, a light and undemanding citrus-based perfume is ideal.

Capricorn

December 23 - January 19

Your clothes are often made of natural fibers, such as cotton and silk, and you tend to wear dark colors, like black, gray and navy blue. Those born under Capricorn prefer to attract through personal charm rather than impress others with designer labels. Sandalwood essence beautifully highlights the sign's interior strength.

Pisces

February 20 - March 20

This sign is feminine and romantic, so you love fluttering silks. Whether long or short, your clothes must flow around your body like soft clouds drifting in clear skies. A tuberose perfume is a must.
